Course information and restrictions must be attributed to their actual scope.

This section describes fictional course logistics and learning material.
Any conclusions about other sections require reading those sections.

02 Learning activities

SYNTHETIC TEST FIXTURE - FICTIONAL COURSE CB_TEST_C09
Not real institutional approval or real student data.

This is page 2 of the complete twelve-page syllabus.

Source locator: C09-SYL-P02; source version 1.

A short excerpt must not be represented as the entire syllabus.

Course information and restrictions must be attributed to their actual scope.

This section describes fictional course logistics and learning material.

Any conclusions about other sections require reading those sections.

03 Schedule conventions

SYNTHETIC TEST FIXTURE - FICTIONAL COURSE CB_TEST_C09
Not real institutional approval or real student data.

This is page 3 of the complete twelve-page syllabus.

Source locator: C09-SYL-P03; source version 1.

A short excerpt must not be represented as the entire syllabus.

Course information and restrictions must be attributed to their actual scope.

This section describes fictional course logistics and learning material.

Any conclusions about other sections require reading those sections.

04 Assignment descriptions

SYNTHETIC TEST FIXTURE - FICTIONAL COURSE CB_TEST_C09
Not real institutional approval or real student data.

This is page 4 of the complete twelve-page syllabus.
Source locator: C09-SYL-P04; source version 1.
A short excerpt must not be represented as the entire syllabus.
Course information and restrictions must be attributed to their actual scope.

This section describes fictional course logistics and learning material.
Any conclusions about other sections require reading those sections.

05 Office-hour logistics

SYNTHETIC TEST FIXTURE - FICTIONAL COURSE CB_TEST_C09
Not real institutional approval or real student data.

This is page 5 of the complete twelve-page syllabus.

Source locator: C09-SYL-P05; source version 1.

A short excerpt must not be represented as the entire syllabus.

Course information and restrictions must be attributed to their actual scope.

This section describes fictional course logistics and learning material.

Any conclusions about other sections require reading those sections.

06 Methods overview

SYNTHETIC TEST FIXTURE - FICTIONAL COURSE CB_TEST_C09
Not real institutional approval or real student data.

This is page 6 of the complete twelve-page syllabus.
Source locator: C09-SYL-P06; source version 1.
A short excerpt must not be represented as the entire syllabus.
Course information and restrictions must be attributed to their actual scope.

This section describes fictional course logistics and learning material.
Any conclusions about other sections require reading those sections.

07 Laboratory glossary

SYNTHETIC TEST FIXTURE - FICTIONAL COURSE CB_TEST_C09
Not real institutional approval or real student data.

This is page 7 of the complete twelve-page syllabus.

Source locator: C09-SYL-P07; source version 1.

A short excerpt must not be represented as the entire syllabus.

Course information and restrictions must be attributed to their actual scope.

This section describes fictional course logistics and learning material.

Any conclusions about other sections require reading those sections.

08 Source attribution

SYNTHETIC TEST FIXTURE - FICTIONAL COURSE CB_TEST_C09
Not real institutional approval or real student data.

This is page 8 of the complete twelve-page syllabus.

Source locator: C09-SYL-P08; source version 1.

A short excerpt must not be represented as the entire syllabus.

Course information and restrictions must be attributed to their actual scope.

This section describes fictional course logistics and learning material.

Any conclusions about other sections require reading those sections.

09 Course communication

SYNTHETIC TEST FIXTURE - FICTIONAL COURSE CB_TEST_C09
Not real institutional approval or real student data.

This is page 9 of the complete twelve-page syllabus.
Source locator: C09-SYL-P09; source version 1.
A short excerpt must not be represented as the entire syllabus.
Course information and restrictions must be attributed to their actual scope.

This section describes fictional course logistics and learning material.
Any conclusions about other sections require reading those sections.

10 Practice activities

SYNTHETIC TEST FIXTURE - FICTIONAL COURSE CB_TEST_C09
Not real institutional approval or real student data.

This is page 10 of the complete twelve-page syllabus.
Source locator: C09-SYL-P10; source version 1.
A short excerpt must not be represented as the entire syllabus.
Course information and restrictions must be attributed to their actual scope.

This section describes fictional course logistics and learning material.
Any conclusions about other sections require reading those sections.

11 Reference handling

SYNTHETIC TEST FIXTURE - FICTIONAL COURSE CB_TEST_C09
Not real institutional approval or real student data.

This is page 11 of the complete twelve-page syllabus.

Source locator: C09-SYL-P11; source version 1.

A short excerpt must not be represented as the entire syllabus.

Course information and restrictions must be attributed to their actual scope.

This section describes fictional course logistics and learning material.

Any conclusions about other sections require reading those sections.

12 Assessed-work AI policy

SYNTHETIC TEST FIXTURE - FICTIONAL COURSE CB_TEST_C09
Not real institutional approval or real student data.

This is page 12 of the complete twelve-page syllabus.
Source locator: C09-SYL-P12; source version 1.
A short excerpt must not be represented as the entire syllabus.
Course information and restrictions must be attributed to their actual scope.

Generative AI is prohibited for assessed submission drafting in this fictional course. No student acknowledgment overrides this prohibition. Administrative deadline and grade checks remain outside that restriction.
